make
music
happen!

A photograph of a woman with long, dark hair blowing in the wind against a clear blue sky. The woman is shown from the chest up, her head tilted back and hair flying. A large, thin white circle is overlaid on the image, centered on the woman's face. The word "one" is written in white, lowercase letters, positioned to the right of a vertical white line that extends from the top of the circle down to the woman's shoulder.

one

breeze^{one}

Traditional hand-crafting meets modernity in design and the latest technology: breeze redefines portable, mobile sound.

The impressive wooden cabinet houses a high-tech chassis, a high power amplifier and innovative wireless technology.

breeze one is, thanks to a Bluetooth® interface and a powerful battery, the perfect sound source for an open air party at the lake, a picnic or a comfortable evening on the terrace.

At home these active speakers shine as a result of a meticulously sanded varnish finish, which integrate perfectly with the latest multi-room technology. As a result, several loudspeakers in different rooms can be connected via our app. Alternatively, different types of music from various sources can be played in various rooms via a tablet or smart phone.

Your options are unlimited – whilst operation is a breeze!

SPECIFICATIONS

Performance	25 Watt
Frequency response	60–25.000 Hz
Battery runtime	> 20 h ¹
Dimensions	W 15,5 x H 22 x D 12 cm ²

¹ at half the rated power

² plus foldable handle

2 two

breeze^{two}

Standing or lying, on-the-go or at home, breeze two delivers fine form and rousing sound upon your demand. This portable stereo player engulfs big rooms with outstanding power and excellent dynamics. Two woofers provide the emphasis needed for the foundations of great bass and the tweeters deliver a clear, finely drawn sound picture.

Like all breeze products, breeze two also presents itself in a superb high class sanded varnish finish and design, offering Bluetooth® and multi-room connectivity.

(Wireless) app control, powerful battery and high power amplifier helps make this speaker system the perfect, universal solution for music lovers.

SPECIFICATIONS

Performance	2x 25 Watt
Frequency response	50–25.000 Hz
Battery runtime	> 25 h ¹
Dimensions	W 44 x H 15,5 x D 17 cm ²

¹ at half the rated power

² plus foldable handle

A photograph of an interior space. On the left, a green upholstered ottoman with light-colored legs is partially visible. In the center, a white door with a decorative panel is slightly ajar. To the right, a dining table and chairs are visible in a blurred background. The entire image is overlaid with a semi-transparent blue filter and two white concentric circles. The number '5' and the word 'five' are centered in white text.

5 five

breeze^{five}

Two very elegant sound columns, carrying clean, modern styling and easy integration into any home environment: breeze five revives the classic stereo system and reimagines it for a new generation, offering us so much more...

Like the portable breeze devices these sanded varnished columns receive their audio signals wirelessly. The powerful amplifier technology is integrated into the cabinet casing, hence no pre or output stage is necessary. Of course, a wired auxiliary device can be integrated into the system too if desired – all of these features helping make the breeze five a truly full-value stereo system alternative.

The sound: breath-taking, rousing and adult.

The design: seductive, modern and rich.

The operation: a breeze!

SPECIFICATIONS

Performance	approximately 100 Watt
Frequency response	38–25.000 Hz
Dimensions	W 14,5 x H 89 x D 27 cm*
