**quadral**  <sup>®</sup> *Established 1972*

- **90's** **quadral** bought a small highly reputed car hifi brand to join the after car market.  
**quadral** launched a lot of successful high quality loudspeakers with own developed technologies e.g. the unique ALTIMA® cone technology.

**ALTIMA®**

**Patented, international  
registered**

still used in our AURUM range

- **2004** **quadral** goes design.....

With the new SIGNO series **quadral** entered a new segment of the market. Ideally to be combined with Flat TV or LCD SIGNO offers totally new selling opportunities.

- **2006** During Munich High End Show **quadral** celebrated the 25th TITAN-anniversary and introduced the 7th generation of AURUM TITAN, VULKAN VII and MONTAN VII at Berlin show.

## TITAN VII 25 years

- **2009** quadral presented the AURUM's eighth generation at the international famous High-End show in Munich.  
First model was the AURUM MONTAN VIII.

## AURUM MONTAN VIII

Handmade in Germany

- **2009**

The AURUM WOTAN VIII model won an international design award in December.

## **AURUM WOTAN VIII**

- **2009** WAF – Women Acceptance Factor. Following this concept quadral launched a new series: CHROMIUM STLYE outstanding design combined with a superb sound picture.

## CHROMIUM STYLE

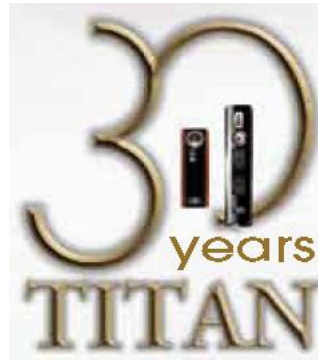

- **2009** PLATINUM M4 won an international design award in December

## PLATINUM M4

- **2011** 30 years of TITAN celebration  
quadral launched the 8th generation  
of its legendary TITAN flagship.

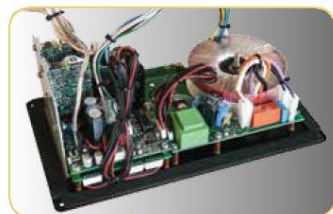

## AURUM TITAN VIII

Handmade in Germany

- **2013** quadral has launched its first fully active speakers at AURUM range, ORKAN aktive and ALTAN active. As well quadral has started a program of „young“ technology speakers as desktop speaker and sound board.

## CHROMIUM STYLE

**New ribbon  
tweeter**

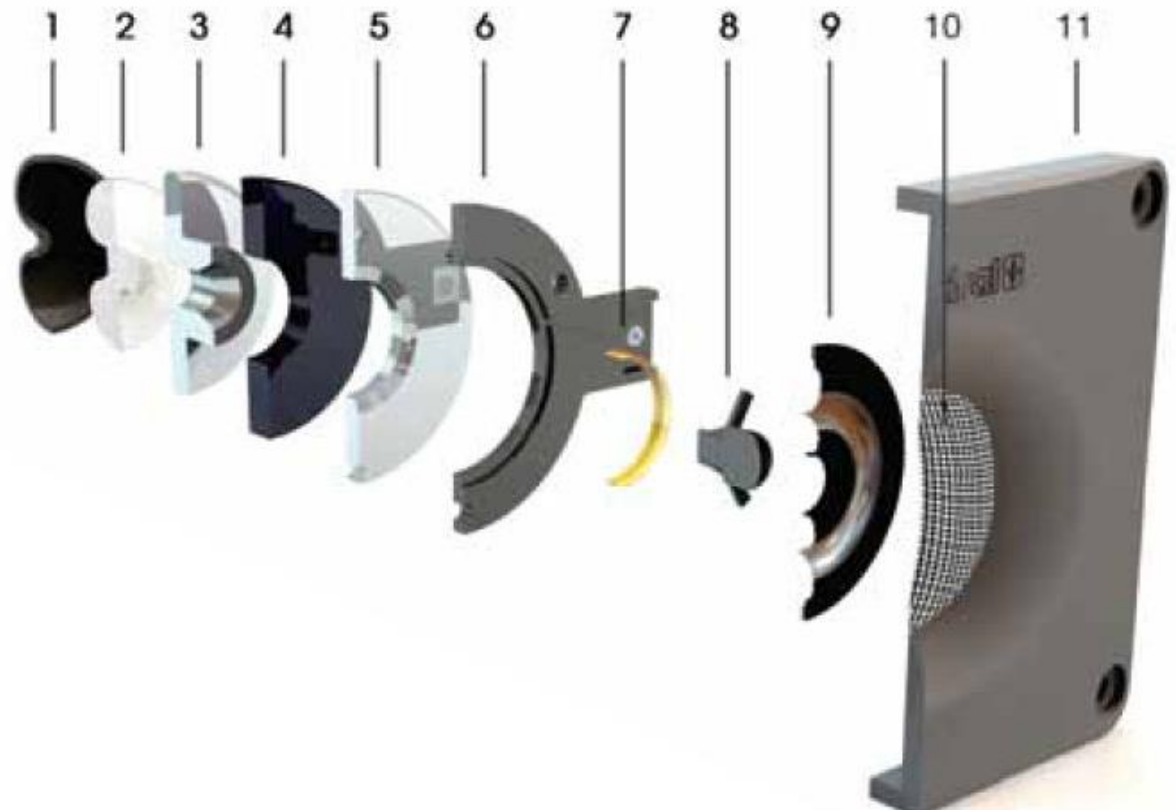

Magnetostatic  
design principle

## Ricom-V

**Innovation**

**PLATINUM**  
2nd gen.

## Ricom-V

Thanks to the high pegel level at 2 kHz it is possible to reduce the tweeter's level and thus to guarantee less thermic influences and it offers less distortions at different volume levels

Pressure  
chamber

Unique pressure-chamber system for  
almost unbelievably controlled bass  
volume

**PLATINUM**

**AURUM**

**ALTIMA®**

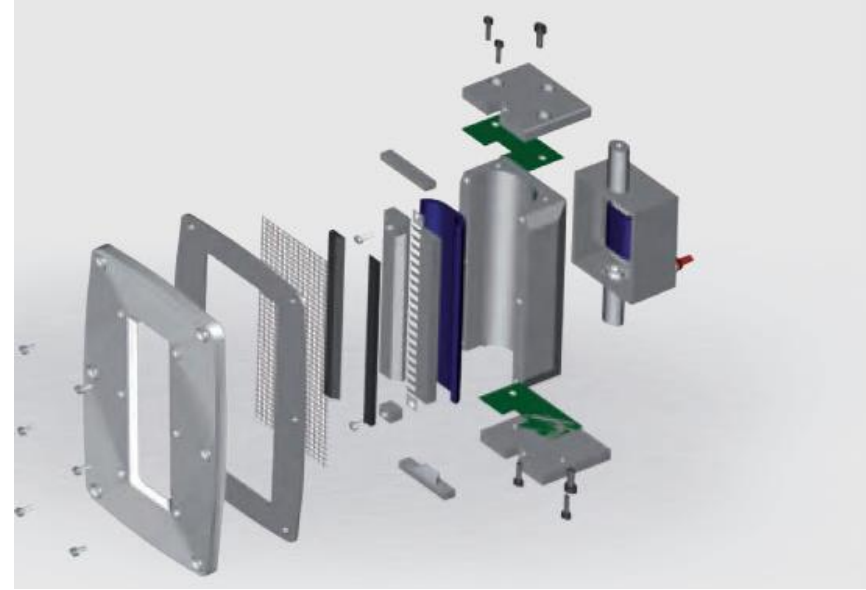

**Patented, international  
registered**

Alloy of 3 materials

- aluminum
- titanium
- magnesium

**only AURUM**

quadral's ribbon tweeter

- real aluminum ribbon
- magnetostatic
